Dear Parent/Carer,

The School Immunisations Team will be visiting this term to administer the **NHS Flu Vaccinations** to all eligible pupils from Reception up to Year 6. You will be able to consent for your child to receive either the **nasal/nose spray** or the **injection (egg-free and non-gelatine) alternative.**

The vaccination is quick and safe, with side effects being generally mild and uncommon. Vaccinating children helps protect them from the flu and also reduces the spread of the virus to others – especially vulnerable groups such as infants, the elderly, and those with serious health conditions.

Please follow this link to complete a form for your child to say **YES or NO** to the vaccination. If you are giving consent, you'll be asked to choose your preferred vaccine type.

Harrow Flu Consent

You can also find the link and further information in the leaflet attached
If your child has already received the flu vaccine elsewhere (e.g. through your GP) and you have also submitted a form giving consent, you must contact the Immunisation Team so they can update their records.

Our nurses will be hosting a **FREE Flu Q&A session** to answer any questions you may have about the vaccine. You're welcome to join using the link provided in one of the attached leaflets.
For any questions, please contact the School Immunisations Team at **Harrow@v-uk.co.uk** or **0208 432 7075.**

Kind Regards,
Heathland School
