24th September 2026

Dear Parents and Carers,

We would like to inform you that, beginning **the week commencing 28th September**, Home Learning will be printed and sent home for children to complete in their **Home Learning books**.

Following the **October half term**, we are planning to move towards using **Teams Classrooms** as our platform for distributing Home Learning. To support this transition, I will be trialling the system with **Year 4 Willow Class** during October before it is introduced more widely across the school.

Using Teams Classrooms, children will be able to access their Home Learning tasks online while still completing all activities in their Home Learning books. The platform can be accessed from any device, including mobile phones, and there is **no requirement for children to record or submit their learning online**.

We recognise that some families may find accessing Home Learning online challenging. If this applies to your family, please inform your child's class teacher at your earliest convenience so that we can make alternative arrangements to support your child's continued engagement with Home Learning.

Thank you for your support as we explore ways to make Home Learning more accessible and efficient for our school community.

Kind regards,

Mrs M Vaughan
Assistant Headteacher
